

MANAGEMENT'S REPORT

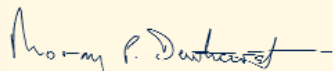

The management of FPL Group is responsible for the integrity and objectivity of the financial information and representations contained in the consolidated financial statements and other sections of this Annual Report. The consolidated financial statements, which in part are based on informed judgments and estimates made by management, have been prepared in conformity with generally accepted accounting principles applied on a consistent basis.

To aid in carrying out this responsibility, management maintains a system of internal accounting control, which is established after weighing the cost of such controls against the benefits derived. The overall system of internal accounting control, in the opinion of management, provides reasonable assurance that the assets of FPL Group and its subsidiaries are safeguarded and transactions are executed in accordance with management's authorization and are properly recorded for the preparation of financial statements. In addition, management believes the overall system of internal accounting control provides reasonable assurance that material errors or irregularities would be prevented or detected on a timely basis by employees in the normal course of their duties. Due to the inherent limitations of the effectiveness of any system of internal accounting control, management cannot provide absolute assurance that the objectives of internal accounting control will be met. The system of internal accounting control is supported by written policies and guidelines, the selection and training of qualified employees, an organizational structure that provides an appropriate division of responsibility and a program of internal auditing. To further enhance the internal accounting control environment, management has prepared and distributed to all employees a Code of Conduct which states management's policy on conflict of interest and ethical conduct.

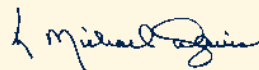

FPL Group's independent auditors, Deloitte & Touche LLP, are engaged to express an opinion on FPL Group's financial statements. Their report is based on procedures believed by them to provide a reasonable basis to support such an opinion. The Board of Directors pursues its oversight responsibility for financial reporting and accounting through its Audit Committee. This Committee, which is comprised entirely of outside directors, meets periodically with management, the internal auditors and the independent auditors to make inquiries as to the manner in which the responsibilities of each are being discharged. The independent auditors and the internal audit staff have free access to the Committee without management's presence to discuss auditing, internal accounting control and financial reporting matters.

**INDEPENDENT AUDITORS' REPORT
TO THE BOARD OF DIRECTORS AND
SHAREHOLDERS, FPL GROUP, INC:**

We have audited the accompanying consolidated balance sheets of FPL Group, Inc. and subsidiaries as of December 31, 2002 and 2001, and the related consolidated statements of income, shareholders' equity, and cash flows for each of the three years in the period ended December 31, 2002. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of FPL Group, Inc. and subsidiaries at December 31, 2002 and 2001, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 7 to the consolidated financial statements, in 2002 FPL Group, Inc. and subsidiaries changed their method of accounting for goodwill to conform to Statement of Financial Accounting Standards No. 142.
